****REMEMBER TO CHECK THE WATER CONSERVATION HOTLINE FOR CURRENT WATER RESTRICTIONS! 214-509-3111. Call for recorded information on our current drought status before you water your landscape! Or check website: www.cityofallen.org**

July is SMART irrigation month! To raise awareness of the benefits of efficient watering practices, the Irrigation Association has named July "SMART Irrigation month". July is a great time to improve the efficiency of your outdoor irrigation system or install a water efficient automatic irrigation system. A well-maintained system keeps your lawn and landscape beautiful and healthy, while minimizing water waste. There are many SMART technologies available today that allow you to maintain beautiful landscapes while maximizing water efficiency. "On the Go" Recycling Opportunities in Allen City Parks!

This summer, families and sports fans visiting Allen Station Park and Celebration Park have the opportunity to recycle empty water bottles and aluminum cans in newly installed recycling containers. **Did you know that new recycling technology allows plastic bottle caps to be screwed back on the empty bottle and recycled at the same time?** Recycling just keeps getting easier! Don't forget to drop your empty plastic bottles and aluminum cans in the blue recycling bins while you're on the go in Allen this summer! North Central Texas Council of Governments funded the Allen Station Park recycling receptacles and Keep America Beautiful/Waste Management "Think Green" grant funded the Celebration Park recycling receptacles, which are placed next to trash containers along the sidewalks. Coming soon - Coca-Cola funded recycling barrels in the sports fields of Celebration Park! Can it get any better than this?!
