****REMEMBER TO CHECK THE WATER CONSERVATION HOTLINE FOR CURRENT WATER RESTRICTIONS! 214-509-3111. Call for recorded information on our current drought status before you water your landscape! Or check website: www.cityofallen.org**

****Did you know?** 95% of Storm drains in Allen ultimately drain to Lake Ray Hubbard? Lake Ray Hubbard is a City of Dallas water reservoir. The City of Allen receives its water from North Texas Municipal Water District (NTMWD). The major reservoir supply for NTMWD is Lavon Lake. This means every time you allow your sprinklers to run to the point of runoff in the street and storm drain, you are sending our precious water supply to the City of Dallas. Please check your sprinklers to insure you have no runoff when using. Excessive runoff of water from a property is not only wasteful, it is a fineable offense. For more information visit: www.cityofallen.org

Are you someone who works with children or adults teaching environmental stewardship and connection to the community? Come find out about the free educational resources available to HOAs, service clubs, faith-based leaders, scout leaders, home-school parents and teachers in the AISD! The KAB-sponsored **EDUCATOR EXPO** will be held September 24th at the Allen Senior Recreation Center on St. Mary's St. from 4:30 pm to 6 pm…overflow parking at the Edge Skate Park. Representatives from the Mayor's Office, Waste Services, Water Conservation, Fire, Police, Library, Animal Shelter, Code Compliance, City Forester, Allen Heritage Guild, Master Naturalists and Master Gardeners, and Alliance for a Healthier Allen will be there to describe their programs for you. Mark your calendar for September 24th so you won't miss this fantastic opportunity to network!
