PROCUREMENT METHODS

The City of Allen employs the following methods to procure goods and services:

Purchases in amounts of \$1 - \$3000 may be made on the basis of one (1) quotation by the using departments of the City.

Purchases in amounts of \$3001 - \$49,999.99 may be made on the basis of a minimum of three (3) quotes by the Purchasing Division or the using departments of the City.

Purchases in the amounts of \$50,000 or greater are subject to requirements of the competitive bid process, unless specifically exempted by State Law.

Purchase Orders are issued by the City Purchasing Division to make all purchases.

Supply Contracts are established through a competitive bid process to purchase goods and services at a fixed price or a fixed term for a specified period.

Service Agreements are contracts for service and repair of equipment generally established annually or at the acquisition of the equipment.

Price Agreements are used to establish a qualified contractor listing for items/services that are purchased repetitively over a period of time, but cannot be quantified.

BIDDING METHODS

The City of Allen utilizes competitive bidding for the contracting of goods/services over \$50,000 unless exempted by State Law.

Invitation for Sealed Bids: All documents used to solicit competitive sealed bids. Unless exempted by State Law, municipal purchases exceeding \$50,000 go through the sealed bid process. This process includes a legal advertisement, receipt of sealed bids, a public bid opening followed by an award of contract by the City Council. The contract must be awarded to the lowest most responsible bidder meeting specifications at the best value for the City.

Request for Proposals: The document used to solicit proposals from potential providers for goods, services and professional services. Request for Proposals must specify the relative importance of price and other evaluation factors. An evaluation committee will determine the vendor most reasonably suitable for award. May include a provision for the negotiation of Best and Final Offers.

SUBMISSION OF BIDS

Sealed bids must be received in the Purchasing Division prior to the due date and time or they will be considered to be non-responsive. Bids received after the due date/time or faxed bids will not be accepted.

<u>Specifications:</u> It is incumbent upon the City to develop specifications that promote competition while at the same time ensure our operating needs are met. To promote fair competition, it is paramount that vendors are competing on a level playing field. We evaluate bids responsive to our specifications, and then we go to the lowest bid and ask ourselves "Is this a responsible vendor?" If we determine that the lowest bid to meet spec was from a "responsible" vendor that is the bid we are required by law to accept.

BIDS THAT TAKE ANY EXCEPTIONS TO OUR SPECIFICATIONS WILL NOT BE FURTHER CONSIDERED.

BID EVALUATION & AWARD

If the competitive sealed bidding requirement applies to the contract for goods or services, the contract must be awarded to the lowest responsible bidder who provides good or services at the best value for the City.

In determining the best value, the City may consider:

- the purchase price;
- the reputation of the bidder and of the bidder's goods or services;
- the quality of the bidder's goods or services;
- the extent of which the goods or services meet the needs;
- · the bidder's past relationship with City;
- the total long term cost;
- any relevant criteria specifically listed in the request for bids or proposals.

It is the policy of the City to purchase from suppliers who have adequate financial strength, management and service capabilities, high ethical standards and integrity, the ability to provide materials which consistently meet the City's requirements and are otherwise qualified and eligible to receive an award under applicable laws and regulations.

<u>Award Notification:</u> Official notification of a purchase award can only be made by the Purchasing Division. Notice of award given by any other agency of the City may be premature and inaccurate.

<u>Partial awards</u>: Unless the bid document specifies otherwise, Purchasing may award a contract for any item/group of items shown on the bid request.

Reservations: The City expressly reserves the right to waive any informality, defect, irregularity or informality in any offer of solicitation procedures. Reject any and all bids, or portions of bids, reissue a bid request, extend the bid opening date/time, procure any item by other means, increase/decrease the qty specified in the bid invitation, unless the bid specifies otherwise.
