

**\*\*\*APRIL 1-OCTOBER 31 EACH YEAR DAYTIME WATER RESTRICTIONS ARE IN EFFECT! NO WATERING BETWEEN 10 A.M. AND 6 P.M. REMEMBER TO CHECK THE WATER CONSERVATION HOTLINE FOR CURRENT WATER RESTRICTIONS! 214-509-3111. Call for recorded information on our current water restrictions before you water your landscape! Or check website: [www.cityofallen.org/waterconservation](http://www.cityofallen.org/waterconservation)**

**Did you know? Just one of the spray sprinklers in your irrigation system can be using as much as 3 gallons per minute?** In this picture, the irrigation zone has 3 spray heads using 3 gallons per minute, and 6 spray heads using 1.5 gallons per minute. That zone is using 12 gallons per minute! What? You have 10 of these zones in your landscape? That's 120 gallons for each minute. The controller is set for 10 minutes for each zone 2 times per week. That equates to 2400 gallons each week! Wow that is a lot of water. The lawn doesn't need that much right now, so save the water, save your money.

**UTILITY RATES: [www.cityofallen.org/utilityservicerates](http://www.cityofallen.org/utilityservicerates)**

Water Conservation holds the Sustainable Landscape Series each year. This year all the seminars have been filmed and can be watched via the ACTV website. Look for specialty and the Sustainable Landscape Series tab.
