

****REMEMBER TO CHECK THE WATER CONSERVATION HOTLINE FOR CURRENT WATER RESTRICTIONS! 214-509-3111.** Call for recorded information on our current restrictions before you water your landscape! Or check website: cityofallen.org/water-conservation Never water during rain/freeze events.

Keep Irrigation Controllers OFF during winter and only use manual when needed!

Warm season turfgrasses such as Bermuda and St. Augustine go dormant after the first frost and may only require water once per month when conditions are extremely dry. Check soil moisture levels before applying water. Check the weather forecast to insure temperatures will remain above freezing levels before turning your system to run. By watering only when absolutely needed, you will save thousands of gallons during the winter months!

******WATER CONSERVATION HAS A MONTHLY NEWSLETTER VIA CONSTANT CONTACT!! TO SIGN UP:**

www.CityOfAllen.org/WaterConservationEnews

Happy Holidays! A big help and a little extra service after the holiday; on the service week following December 25, CWD will collect up to five extra bags of trash. Set the bags of trash two feet from your trash cart for service the week after Christmas only.

Live Christmas trees are collected two weeks after Christmas day on your normal collection schedule. Trees must have all ornaments, lights, stands and tinsel removed. No flocked trees will be accepted. Trees will be picked up to be composted.

In January, many of Allen's trash and recycling days will be changing. Check CityofAllen.org/RouteChanges for more information. Watch for the Trash & Recycling Guidelines that will be mailed to all residences in December.
