

TREES FOR ALLEN

Trees are long-term investments that benefit our families and our environment by

<u>Please fill out the form on the</u> reverse side to order your trees!

- * Absorbing and blocking city noises;
- * Blocking sunlight and wind, which can help reduce energy costs;
- * Conserving water and reducing soil erosion;
- * Filtering harmful pollutants that would otherwise enter our water source;
- * Providing beauty and increasing property value;
- * Providing food and shelter for wildlife and consumer products to humans; and
- * Removing carbon dioxide, dust, and other harmful particulates from the air while producing oxygen for us to breathe.

Keep Allen Beautiful, in a cooperative effort with the Parks and Recreation Department, initiated *Trees for Allen*, a beautification and reforestation program, in 2004. From October 1 to November 15, 2013, schools, churches, PTAs, neighborhood associations, non-profit organizations, and individuals are encouraged to purchase trees to help beautify every part of our city! Available tree varieties are selected as those best suited for the North Texas climate and soil type.

Residents who return their tree containers to City Hall will receive a FREE t-shirt!

For more information, view the Keep Allen Beautiful website: www.keepallenbeautiful.com

or contact

City Forester, Jesse Simmons, 214.509.3330 or Keep Allen Beautiful Staff, Donna Kliewer, 214.509.4554
