

The Sustainable Landscape Series 2015

The Sustainable Landscape Seminar Series is presented by City of Allen Water Conservation, and Keep Allen Beautiful to educate homeowners on sustainable landscape techniques and practices that reduce waste, and conserve resources. Topics vary each year but focus on best practices for north Texas.

All Events Held on Saturday

- ⇒ **Tomato Talk - Success with Tomato Growing in Allen :**
(January 31 - 1:00 p.m.) *Presenter: Dr. Greg Church, Texas AgriLife Extension
Come and learn the best growing practices, common pest problems and their remedy, the best tomato varieties to use in our area and more!
- ⇒ **Successful Home Landscapes - Starting Over After a Drought :**
(February 7 - 1:00 p.m.) *Presenter: Gail Donaldson, City of Allen Water Conservation
Have you lost partial lawn or landscape and need to begin again? Come learn the best practices from soil preparation to redesign!
- ⇒ **Pomology 101 - Fun Fruit Facts :**
(February 21 - 1:00 p.m.) *Presenter: Dr. Greg Church, Texas AgriLife Extension
Yes, you really can grow fruit in Allen! Come learn which varieties do well in our landscapes.
- ⇒ **Partnership for Conservation - Water, Wetlands, and Wildlife at the John Bunker Sands Wetland Center :**
(February 28 - 1:00 p.m.) *Presenter: John DeFillipo, John Bunker Sands Wetland Center
What does a manmade wetland, American Bald Eagles and Alligators have in common? Water Conservation! Come learn about the John Bunker Sands Wetland!
- ⇒ **Right Plant, Right Place - Shade Loving Vs. Sun Loving:**
(March 7 - 1:00 p.m.) *Presenter: Brice Creelman, Shades of Green Nursery
Do you need to know what grows best in shade and sun in your landscape? Come see the best perennials to use in either area.
- ⇒ **Urban Tree Care:**
(April 4 - 1:00 p.m.) *Presenter: Tyler Wright, Texas Trees Foundation
Come Hear from the Texas Trees Foundation to learn the best tree varieties for our area, and how best to care for the most valuable item in your landscape!
- ⇒ **Smart Watering Practices:**
(April 25 - 1:00 p.m.) *Presenter: Gail Donaldson, City of Allen Water Conservation
Whether in drought restrictions or not, come learn the best methods for watering your landscape with either that automatic sprinkler system, or with the hose and attached sprinklers.
