Application for Community Support Grants – Supplemental Information

February 28, 2018

Applicants are eligible for grant funding from two different funding sources:

1. The U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant (CDBG) program, and
2. Community Support Grants (CSG) funded directly by the City of Allen.

In previous years the City has used identical criteria to evaluate all applications. The purpose of both funding sources is to benefit low-to-moderate income persons and eliminate slum and blight within the City of Allen. However, the City has more flexibility in how the CSG funds are allocated and monitored since it is funded directly by the City, versus the federally funded CDBG program.

As the City's neighborhoods continue to age there is a growing need for services that address deteriorated housing and property maintenance concerns. The CSG funds provide an opportunity to further address these growing needs. To that end, the City may award CSG grant funding to programs that exhibit a direct impact to the following target neighborhoods: Hillside, Windridge, Oak Hill, Collin Square and Timberbend, and/or any homeowner occupied residence citywide that is 25+ years old. Maps of the target neighborhoods are available at the following link: <https://cityofallen.org/1087/Home-Repair-Assistance-Program>. Agencies or organizations addressing property and home maintenance improvements in these neighborhoods such as weatherization and/or window replacement, roofing repair or replacement, accessibility modifications, exterior house painting, gutter installation, fence replacement, siding, fascia and exterior trim repair, and other general repair/improvement projects are of particular interest.

To facilitate this, the City may modify the reporting and documentation criteria as appropriate for selected CSG funded projects that address these needs. All eligibility criteria must be met to be considered for CDBG funds.

**CITY OF ALLEN
PUBLIC SERVICES FUNDING
PROGRAM POLICIES**

**Funding of Public Service Activities
From the Community Development Block Grant (CDBG)**

Background

The City of Allen receives a yearly allocation through the U.S. Department of Housing and Urban Development (HUD) under the Community Development Block Grant (CDBG) program. A majority of the funds are allocated to provide housing assistance and improve public facilities in low-income neighborhoods. A portion of the funds are channeled to subrecipient public service agencies.

Activities funded through the Community Development Block Grant must be able to show direct and measurable results. In reporting to HUD on the use of these funds, the City must use verifiable statistics relating to ultimate beneficiaries. As a result, funded outside agencies must be able to assemble this information. Similarly, Community Development funds cannot be used to fund sectarian activities, as this would violate the principle of separation of church and state.

Policy Statement

It is the policy of the City of Allen that:

1. No more than 15% of the Community Development Block Grant will be allocated annually for public service activities as defined by HUD regulations. Public service activities are defined as “including but not limited to those (services) concerned with employment, crime prevention, child care, health, drug abuse, education, energy conservation, welfare or recreational needs.” Funds will be directed to activities that will result in providing a new or quantifiable increase in service that will primarily benefit low and moderate-income residents. As required by HUD, CDBG funds should not be used to maintain an existing level of service or be used to substitute for other available known sources of funding.
2. CDBG funds may be used to pay operating expenses for the specific activity or program identified in the application, including costs for personnel, materials, supplies, tests, fees, rent, utilities, and equipment directly related to delivery of the program or activity. Purchase of equipment is subject to other Federal restrictions.
3. Funding for activities that will benefit residents and others outside the jurisdiction of the City of Allen will generally not be made available.
4. The duration of CDBG funding of operating expenses for any program or activity is intended not to exceed three consecutive years. Agencies should pursue other sources of funding to replace the CDBG

funding after this time. However, upon recommendation, CDBG funding beyond three consecutive years may be approved if determined that funding is for essential services.

5. The maximum percentage of CDBG funds to total operating budget for a program will be limited to 75% of operating budget.
6. No more than five public service activities or programs will be funded annually with CDBG funds.
7. Priority for funding will be to those activities showing capacity to provide quantifiable benefits to the larger number of low income residents for each dollar requested, relative to other applications. Priority will also be to those activities serving a need identified in the City of Allen Consolidated Plan.
8. As a condition of receiving funds, the subrecipient will enter into a standard contract required by the City.
9. In addition to financial assistance, the City is committed to helping subrecipients implement reporting procedures in compliance with HUD requirements and provide other technical assistance as appropriate.
10. The primary purpose of providing these funds is to pay operating expenses, and should not be provided for the purpose of building up or maintaining an agency's cash reserves.
11. If the City terminates a subrecipient funding agreement due to agency failure to comply with contract terms or a grantee chooses to terminate the contract for any reason, the affected agency will be barred from applying for CDBG funds for one year from the date of contract termination.
12. Any agency allocated CDBG Public Service funds whose project is not underway by March 1st of the following year, will be ineligible to participate in the current year's funding process.

The City of Allen will follow its Citizen Participation Plan in conformance with all HUD requirements in giving notice annually of anticipated availability and proposed use of CDBG funds. Outside agency funding applications will be evaluated by the Funding Review Committee for eligibility and appropriateness of funding through CDBG, then forwarded with written evaluation and recommendations regarding same to the City Council for approval.

PUBLIC SERVICES FUNDING
COMMUNITY DEVELOPMENT BLOCK GRANT

PROGRAM GUIDELINES

GENERAL GUIDELINES:

The City of Allen recognizes the need for services provided by local community agencies and for this reason makes funds available for public service agencies. These funds are granted to local agencies to address priority needs and objectives identified in the City of Allen Consolidated Plan.

Grants are for expenses incurred between October 1 and September 30. All funds must be spent no later than August 31st. Bills remaining to be paid after that date may not be paid with Public Services funds.

City of Allen Goals - Proposed projects which will assist in meeting the priorities and objectives identified in the Consolidated Plan will be especially welcomed, and will be more likely to be funded.

National Objectives - All activities funded by the Community Development Block Grant (CDBG) must meet the following national objectives:

- Benefitting low-to-moderate income persons
- Eliminating or preventing slum or blight
