Team Assignment:

Players can't play on two (2) teams at the same level. Players may play in 2 leagues but it can't be in more than 1 level apart. For example a player can play in the D League and the D2-League but he cannot play in D2 League and the C League. HOWEVER: The AAHL Director reserves the right to move any player deemed to be too skilled for a particular league based on the judgment of the AAHL Hockey Staff.

Rosters:

Teams paying the team fee may have a maximum of 25 players on the official roster but can only dress up to 20 players max, including goalies, for a game. A team's roster will be frozen once the roster reaches 25 and no further changes will be allowed.

Once the official team rosters are entered into allenhockey.sportngin.com teams will have 3 weeks into every season to question the skill level of a particular player on the original roster. Players added after the original roster is entered may be subject to a skill assessment at any time but once a player has been verified and approved by the AAHL-Hockey staff the player will be eligible for the season.

- *Team coordinators take full responsibility for the team. Coordinators are expected to collect all registration forms and payments, enforce all AAHL game rules and suspensions and communicate all information regarding play.*
- *Coordinators will also be responsible for completing a line up sheet to be turned into the scorekeeper prior to each game. This is important to keep accurate stats on players (especially tracking games played).*
